- Brad reminded members about dumping trash and other things. County warned us

Race day recap

- Member concerned about lack of racing laps. Paul suggested running later into the evening
- Mike Dyer suggested starting the race according to last race. Drafting discussion ensued. Agreed that no touching is allowed but sucking up is fine

Tire proposal

- Paul said there were 5 tire manufacturers. They looked at shipping, pricing, discounts, performance, availability, mark up prices, freight cost, other merch, and terms.
- Testing tires will be the next step.
- Paul suggested the requirements for the two day test.

Track maintenance

- Septic needs to be handled before COTA.
- Low flush and no flush toilets discussed as an option.
- Pete suggested a commercial stainless sink.
- Driveway is being paved on 2/21.
- Lighting update includes new poles in early March. Lighting should be finished in near term before Summer season.
- Bernie has an update on the track edge fix. This will be discussed in the closed session

John's class split for Summer season

- John presented more context on the idea floated for splitting the two stroke and 4 cycle classes for Summer.

Brad brought up Wes's shifter race

- 4 hour day for racing. February 26th is the day for shifter qualifying only. Race is on another day.

Rotax event in March.

- Will talk more about the contract in closed meeting.

Open questions

- Questions regarding the Enduro race. 24 entries so far.
- Paul brought up long term plans for quarter midgets and a dirt course South of our facility.
- Meeting ended at 8:19PM.
