# What the Flags Mean

 The Green Flag (Rule 210.7.5) means the race has started. This is the official start of the race.

 The White Flag (Rule 210.8.7) means one more lap to go in the race. This flag is a courtesy and does not have to be shown.

 The Checkered Flag (Rule 210.8.8) is the official conclusion of the race. Always race to the Checkered Flag unless the race has been stopped by a Red Flag or you have been told to leave the race by a Black Flag or Meatball flag.

# What the Flags Mean

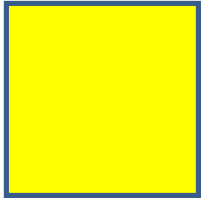

- 🏎️ The Black Flag (Rule 210.8.1) means the Driver must exit the race, their race has ended. Failure to adhere to the Black Flag instruction may result in further disciplinary action. The Black Flag is a serious matter. It is the driver's responsibility to determine what the infraction was which had them ejected from the race. A penalty may have been assessed, it is the responsibility of the driver to determine that. The number of the kart to whom the black flag is addressed shall also be shown.

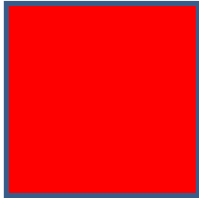

- 🏎️ The Rolled Black Flag (Rule 210.8.1.3) is a warning that a driver infraction has been committed. If the driver does not adhere the warning further action may be taken. It is the driver's responsibility to determine why a Rolled Black Flag was shown and whether or not a penalty has been assessed. The number of the kart to whom the black flag is addressed will usually, but not always, be shown.
